

Have your say on Community Health and Care Services in Herefordshire

What are community health and care services?

In Herefordshire have you:

- Used a local GP,
- Received care in your home from a district nurse or therapist,
- Visited a Minor Injury Unit (MIU)
- Attended a Community Hospital?

If 'yes' then we want to hear from you! We are seeking your views on how local community health and care services are used and what they could look like in the future. Find out more here:
